**RE-ISSUED** by ABS

Product Name : CONGO RED STOKES

3CHKJ

	Classified as hazal dous					
1. Identification						
GHS Product	CONGO RED STOKES					
Identifier						
Product Code	ACRS					
Company Name	AUSTRALIAN BIOSTAIN Pty Ltd					
Address	24 - 28 Stratton Drive, Traralgon, Victoria, Australia, 3844 www.australianbiostain.com.au					
Telephone/Fax Number	Tel: (03) 5176 2855					
Emergency phone number	CHEMCALL (24 hours): 1800 127 406 (Australia) / +64-4-917-9888 (International)					
Recommended use of the chemical and restrictions on use	Laboratory reagent.					
Other Information	Australian Biostain Pty Ltd does not warrant that this product is suitable for any use or purpose. The user must ascertain the suitability of the product before use or application intended purpose. Preliminary testing of the product before use or application is recommended. Any reliance or purported reliance upon Australian Biostain Pty Ltd with respect to any skill or judgement or advice in relation to the suitability of this product of any purpose is disclaimed. Except to the extent prohibited at law, any condition implied by any statute as to the merchantable quality of this product or fitness for any purpose is hereby excluded. This product is not sold by description. Where the provisions of Part V, Division 2 of the Trade Practices Act apply, the liability of Australian Biostain Pty Ltd is limited to the replacement of supply of equivalent goods or payment of the cost of replacing the goods or acquiring equivalent goods.					
2. Hazard Identifi	ication					
GHS classification of the substance/mixture Signal Word (s)	Flammable Liquids: Category 2 Eye Damage/Irritation: Category 2A Carcinogenicity: Category 1B DANGER					
Hazard Statement (s)	H225 Highly flammable liquid and vapour. H319 Causes serious eye irritation.					
Pictogram (s)	H350 May cause cancer. Flame, Exclamation mark, Health hazard					
Precautionary statement – Prevention	<ul> <li>P201 Obtain special instructions before use.</li> <li>P202 Do not handle until all safety precautions have been read and understood.</li> <li>P210 Keep away from heat/sparks/open flames/hot surfaces. – No smoking.</li> <li>P233 Keep container tightly closed.</li> <li>P240 Ground/bond container and receiving equipment.</li> <li>P241 Use explosion-proof electrical/ventilating/lighting//equipment.</li> <li>P242 Use only non-sparking tools.</li> </ul>					
Precautionary statement – Response	<ul> <li>P243 Take precautionary measures against static discharge.</li> <li>P264 Wash thoroughly after handling.</li> <li>P280 Wear protective gloves/protective clothing/eye protection/face protection.</li> <li>P281 Use personal protective equipment as required.</li> <li>P303+P361+P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.</li> <li>P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> <li>P337+P313 If eye irritation persists: Get medical advice/attention.</li> <li>P370+P378 In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for extinction.</li> <li>P308+P313 IF exposed or concerned: Get medical advice/attention.</li> </ul>
