Product Name : BIEBRICH SCARLET 1%

| Not classified as hazardous Precautions in connection with Fire Use suitable protective clothing and breathing equipment for surrounding fire. 6. Accidental release measures No special procedures required. Spills & Disposal No special procedures required. Personal Protection Wear protective clothing specified for normal operations (see Section 8) Clean-up Methods - Absorb with dry earth, sand or other non-combustible material. Use clean nonsparking tools to collect and seal in properly labeled drums for disposal in an area approved by local authority bylaws. Wash area down with excess water to remove residual material. 7. Handling and storage Precautions for Safe Precautions for safe storage, including any incompatabilities Store in a cool,dry place. Store away from acids. Keep containers closed at all times. 8. Exposure controls/personal protection No exposure standards for dusts/mists not otherwise specified is 10 mg/m3. All atmospheric contamination should be kept to as low a level as is workable. Appropriate We normalary required. Protection The use of a face shield, chemical goggles or safety glasses with side shield protection as appropriate. Must comply with AS 2161, Occupational protective gloves - Selection, use and maintenance. Personal Protection Clean estield, chemical goggles or safety glasses with aide shield protection as appropriate. Must comply with AS 2161, Occupational protective gloves - Selection |
